

Star Communications Video Channel Changes
Sampson County – Raleigh Durham Designated Market Area

Star Communication, your hometown TV provider, works hard to give you the best value possible with our video programming. Due to contractual changes and excessive rate increases above market value, the Sinclair Broadcast Group, owners of WLFL – The CW Channel, The Tennis Channel, and WRDC - MyTV, will be removed from Star's channel lineup. You can stream The CW content for free over the Internet at www.cwtv.com. Look for new and inspiring channel replacements coming soon. For the latest updates on these changes visit www.starcom.net.
