STAR TELEPHONE MEMBERSHIP CORP.

2022 REGULATORY AND IMPORTANT NOTIFICATIONS

Closed Captioning:

Closed Captioning contact information for the receipt and handling of written complaints and immediate closed captioning concerns raised by consumers of StarTV as required by the FCC:

Company Name: Star Communications
 Contact Person: Engineering Manager
 Telephone: 910-564-4194 Fax: 910-564-7834
 Email: cc@stmcc.net
 Mailing Address: P.O. Box 348, Clinton, NC 28329

Disability Act:

The Federal Communications Commission (FCC) requires telecommunications service providers like Star Communications to make its services and products accessible to people with disabilities, if such access is readily achievable. These rules implement Section 255 of the Federal Communications Act.

Section 255 requires telecommunications service providers to make their services and devices compatible with peripheral devices and specialized customer premises equipment that are commonly used by people with disabilities, if such compatibility is readily achievable. Please contact us at 611 from your Star Communications telephone, or 1-800-706-6538 if outside of our service area, for further information or to discuss your accessibility needs.

Affordable Connectivity Program:

The Affordable Connectivity Program is an FCC benefit program that reduces your monthly internet bill. The benefit provides a discount of up to \$30 per month toward internet service for eligible households and up to \$75 per month for households on qualifying Tribal lands. You may be eligible if you meet at least one of these criteria: have an income that is at or below 200% of the federal poverty guidelines; participate in certain assistance programs, such as SNAP, Medicaid, Federal Public Housing Assistance, SSI, WIC, or Lifeline; participate in Tribal specific programs, such as Bureau of Indian Affairs General Assistance, Tribal TANF, or Food Distribution Program on Indian Reservations; are approved to receive benefits under the free and reduced-price school lunch program or the school breakfast program, including through the USDA Community Eligibility Provision for qualifying school years; received a Federal Pell Grant during the current award year; or meet the eligibility criteria for a participating provider's existing low-income program. For further information, contact us at 800-706-6538 or visit www.usac.org.

Complaint Resolution:

In compliance with the requirements of Section 76.607 of the FCC Rules, we are required to inform you that Star Telephone Membership Corp. of Clinton, NC has in effect the following procedures to insure any complaints that may arise concerning the technical quality of the Star Telephone Membership Corp. television signals that we deliver to you are promptly and efficiently resolve:

1. All complaints concerning the technical quality of the television signals we provide to you should be put in writing and sent to our Engineering Manager, at the following address: P.O. Box 348 Clinton, NC 28329 or call (910) 564-4194 or 1-800-706-6538.

2. All complaints received concerning the technical quality of the television signals will be logged in, on the same day of receipt, and the date, time and nature of the complaint will be noted, as well as the name, address, and telephone number of the complaining subscriber.

3. A system engineer will initially analyze the complaint and make an initial assessment of its probable cause. A service technician will investigate complaints concerning the technical quality of television signals within 24 hours of receipt, consistent with our ability to access your premises if such access is deemed necessary to resolve the complaint. If the problem can be resolved without a service call to your premises, you will be advised of this immediately and the resolution of the complaint will be noted in the log book which is maintained by the Engineering Department.

4. All efforts will be made by our service technicians and other employees to resolve any complaints concerning the technical quality of service promptly and efficiently. If our service technician fails to correct the problem, you may contact the system and we will review the complaint and the corrective action taken. If we are not able to take any further action to correct the problem, we will promptly inform you of our determination and the reasons we cannot correct the problem. If you believe our investigation and handling of a complaint is deficient in some manner, you may contact the following:

Consumer Protection Division
 Attorney General's Office
 Mail Service Center 9001, Raleigh, NC 27699-9001
 (919) 716-6000

Federal Communications Commission
 445 12th ST WE, Washington, DC 20554
 1-888-225-5322

Customer Privacy Information:

The Federal Communications Commission has passed a ruling to protect you, the customer, and Star Telephone, the service provider. This ruling provides our customers with a sense of security that your personal information shared with Star Telephone will not be disclosed to any outside party other than you.

When visiting or calling our business offices you will be asked to provide a password (any word that will be easy for you to remember) and the answer to two predetermined security questions; for example, the name of the school you graduated from, the year you were born, the town you reside in, etc. Once we have your password and security questions documented in our computer system, we are required by the FCC ruling to verify your identity before we can discuss your account with you or make any changes to your account. If you forget your password, you will be asked to provide the answers to your two security questions. This ruling is to protect you. It would be advisable to not share your password and the answers to the security questions except with those you allow to make changes to your account. Each time a change is made to your account, a courtesy letter will be generated and mailed to your billing address to advise you of recent activity on your account.

For more information on Customer Proprietary Network Information (CPNI) or your privacy rights visit the websites of the Federal Trade Commission, (www.ftc.gov) and the Federal Communications Commission (www.fcc.gov). You may also contact our business office at 1-800-706-6538 or visit www.starcom.net/notices.html

Backup Power Consumer Disclosure:

For many years, your home phone would allow you to stay connected to emergency voice services during a power outage. However, many of today's advanced home phone services require backup battery power to continue functioning during an outage. To avoid a disruption of home voice service during an outage – and to maintain the ability to connect to 911 emergency services -- we at Star Communications (STAR) offer you the option of purchasing backup power for your home phones.

What Your Battery Can – and Can't – Do for You: STAR's backup batteries for telephone

modems allow you to continue to use your home voice services during a power outage. Without a backup battery or alternate backup source such as a generator, customers will not be able to make any calls, including emergency calls to 911. The only way to maintain the ability to use your phone is by using some form of backup power. Our backup battery does not provide power to any services other than voice. Home security systems, medical monitoring devices and other equipment will not run on a home phone backup battery.

Purchase and Replacement Options: If you are concerned with interrupted service and availability to contact 911 emergency services during a power outage, a backup battery may be a good option for you. The batteries offered by STAR are approximately 5 to 10 lbs. and are roughly the size of a telephone. You can purchase a backup battery directly from STAR. If you have any questions or simply want to purchase a backup battery, please call 1-800-706-6538 or go to your local STAR retail office. Our 8 hour backup batteries cost approximately \$90 and our 24 hour backup batteries cost approximately \$329. Both options include the battery, cable, and installation.

Expected Backup Power Duration: The 8 hour backup batteries are expected to last at least 8 hours on standby power; the backup battery should give you 4 hours of talk time. The 24 hour backup batteries are expected to last at least 24 hours on standby power; the backup battery should give you 8 hours of talk time. If you feel that is not enough time, you may extend your standby power by purchasing a third-party backup solution or generator.

Instructions for Proper Care and Use of Your Battery: Please follow the more detailed instructions included with your battery for proper use, storage and care of your battery to ensure that it will function as needed during a power outage. If you do not store your battery correctly, it may shorten its useful life. Environmental factors such as temperature can shorten your battery's useful life. We recommend that you store your battery above 41°F and below 104°F. These batteries will not last forever and should be replaced every 3 years, or when your device starts to make a loud beeping sound or the battery indicator light turns red. That sound/light means that the battery is depleted, and must be replaced. See the instructions above for purchase and replacement options. You should also periodically, as described in the instructions included with your battery, remove and test your battery to verify both the operation of the backup battery and its condition.

Do Not Call:

The National Do Not Call Registry was created to prevent unwelcome calls from Telemarketers. It prohibits all telemarketers, except companies with which you have an existing relationship and certain non-profits, from calling you. Inclusion of your name on the list will go into effect three months following your registration. Your number will remain on the registry permanently unless you request it be removed. To register your home or cell phone call: (888)382-1222. For TTY calls: (866) 290-4236. For more information or to register online visit: www.donotcall.gov

Lifeline Program:

The Lifeline program reduces your monthly bill for telephone or broadband internet service for qualifying customers. Under FCC guidelines, if you participate in the Federal Housing Assistance/Section 8, Medicaid; Supplemental Security Income (SSI); Supplemental Nutrition Assistance program (SNAP); Survivor Benefit or Federal Veterans Pension programs you may qualify for the Lifeline program. Additional eligibility requirements may apply to residents of federally recognized tribal lands. To learn more about these programs, contact your local telephone company or visit: www.usac.org

Illegal/Fraudulent Activity Disclaimer:

Use of Star Communications service(s) for illegal and/or fraudulent activity is prohibited and will be subject to immediate termination of service. Illegal and fraudulent activity includes but is not limited to the utilization of the telecommunications line for the purpose of originating spam and/or illegal robo-dialing and Caller ID spoofing.
