## From Your Kitchen

### **Funfetti Dip**

#### Ingredients

8 ounces cream cheese

8 ounces whipped topping thawed

1/3 cup milk

15.25 ounces white cake mix

1/4 cup sprinkles (red, white and blue)

Assorted fruit, pretzels, cookies for dipping.

#### Instructions

To make the cake mix safe for raw consumption, spread on a baking sheet at 350 degrees and bake for about 5 minutes.

In a large mixing bowl, combine the cake mix, cream cheese and milk and blend until creamy.

Mix in the whipped topping being sure not to overmix or the dip may deflate.

Gently fold the red, white and blue sprinkles into the mixture.

Transfer the dip to a serving bowl and top with additional sprinkles, if desired.

Serve with fresh fruit, cookies, crackers, or pretzels for dipping.

#### Notes

Heat the cake mix as directed in the recipe and allow it to cool completely before continuing.

Use a stand mixer or handheld mixer for best results.

Chill the dip in the refrigerator for at least an hour before serving.
